MODULE 1 — Basic input and output

Question: Read from STDIN, Write to STDOUT

Platform: HackerEarth

Problem Link: [Read from STDIN, Write to STDOUT]

C Source Code:

```c
#include <stdio.h>

int main()
{
    int N;
    char S[16];

    scanf("%d", &N);
    scanf("%15s", S);

    printf("%d\n", N * 2);
    printf("%s\n", S);

    return 0;
}
```
